

Entry Level Virtualisation - 2 Host Cluster & iSCSI Storage (5-10 Virtual Servers)

Key Benefits

- Increased availability, security and scalability
- Low cost, entry level, high availability virtualisation
- Full implementation and migration inclusion

2 Server Host Cluster

- 2 x IBM x3550 M2
- 2 x Quad Core E5520 Nehalem 2.26 GHz
- 32 GB RAM per Host
- Redundant Power
- Diskless operation with embedded VMware ESXi
- 6 NFS / iSCSI optimised network interfaces (TOE)
- IMM Virtual Media Key for headless remote KVM
- VMware vSphere Essentials Plus

MONTHLY REPAYMENT
\$1,170+gst
Total Cost \$ 34,344.12*

Storage 1.4TB Usuable

(Expandable to 12 HDD SAS or SATA)

- IBM DS 3300 iSCSI Dual Controller
- 6 x 300GB 15K SAS Drives

Virtualisation in a Box - 3 Host Cluster & Integrated Storage (20 Plus Virtual Servers)

Key Benefits

- Increased availability, security & scalability
- Reduced footprint with high density computing (Expand up to 6 nodes in the cluster)
- Full implementation & migration inclusion

IBM BladeCentre S - 3 Blades inc

- 3 x HS22 Blades
- 2 x Quad Core E5530 Nehalem 2.4 GHz
- 32 GB RAM
- 2 x SAS Connectivity Card
- Diskless operation with embedded VMware ESXi
- Midplane connectivity to shared storage
- 6 NFS / iSCSI optimised network interfaces (TOE)
- IMM Virtual Media Key for headless remote KVM
- VMware vSphere Advanced Acceleration Kit

MONTHLY REPAYMENT
\$2,475+gst
Total Cost \$75,925.42*

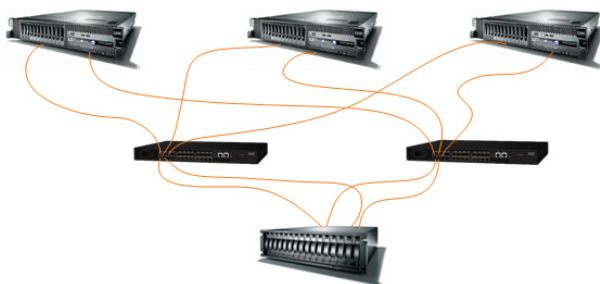

Storage 2.2 TB Usuable

(Expandable to 12 HDD SAS or SATA)

- Local Blade Centre Storage:
- 6 x 450 GB 15K SAS Drives

Server Based Virtualisation - 3 Host Cluster & Fibre Channel based Storage (40+ Virtual Servers & N+1 Clustering)

Key Benefits

- Increased availability, security and scalability
- Remove server spawl
- Maximise performance using enterprise storage
- Full implementation & migration inclusion

3 Server Host Cluster

- 3 x IBM x3650 M2
- 2 x Quad Core E5520 Nehalem 2.26 GHz
- 32 GB RAM per Host
- Redundant Power
- Diskless operation with embedded VMware ESXi
- 6 NFS / iSCSI optimised network interfaces (TOE)
- IMM Virtual Media Key for headless remote KVM
- VMware vSphere Advanced Acceleration Kit

MONTHLY REPAYMENT
\$3,955+gst
Total Cost \$124,348.54*

Storage 4.4 TB Usuable

(Expandable to 112 HDD SAS or SATA)

- IBM DS 3950 Fibre-Channel Dual Controller
- 12 x 450 GB 15K SAS Drives (RAID 6 protection)
- Redundant high speed switched 4 Gbps FC SAN
