

ENHANCE YOUR WIN7 UPGRADE WITH LENOVO & RDA!

Microsoft Windows 7 is the easiest, fastest and most engaging version of Windows yet! More efficient performance means you can ensure your PC continually:

- Simplifies everyday tasks
- Works the way you want it to
- Makes new things possible

So get a faster and more secure WIN7 upgrade with Lenovo & RDA Group today..

Microsoft Windows 7 Taskbar Preview

Fast. ThinkPads with Win7 have up to 56% quicker boot times than XP Pro and Vista versions of the same hardware. Lenovo engineers have worked with Microsoft to improve the boot times of Lenovo PC's by up to 57% over non-optimised Win7 PC's.

Reliably Built for Business. ThinkPads and ThinkCentres have Win7-optimised features like Access Connections, to simplify connectivity, and Rescue & Recovery to protect data in the event of an accident.

Secure. ThinkPads include self-encrypting drives, a hardware password manager and fingerprint readers which are optimised for Windows 7.
